

# COVID-19 VACCINE THIRD DOSE OR FIRST BOOSTER DOSE

NEW

## WHO IS CURRENTLY ELIGIBLE TO RECEIVE A THIRD DOSE OR BOOSTER DOSE?

Immunocompromised individuals and those receiving dialysis (hemodialysis or peritoneal dialysis) are eligible for a third dose after **eight weeks (56 days) since their second dose.**

- Residents **12 years of age or older** are eligible to receive a booster dose at a minimum of **three months (84 days) after a second dose.**
- **\*NEW** Children **5-11 years of age** are eligible to receive a booster **six months (168 days)** after a second dose, or at **a minimum of three months (84 days) with informed consent.**
- Those who have been infected with COVID-19 after their primary series but before their booster dose are recommended to **wait at least three months (84 days)** after symptoms or when the positive test result was received.

## HOW CAN ELIGIBLE INDIVIDUALS OBTAIN A THIRD DOSE OR BOOSTER DOSE VACCINATION APPOINTMENT?

**No appointments are necessary, as eligible individuals** can walk-in to any 5+ clinic taking place across RCD.
