

# Smoke-Free Ontario Act, 2017

## How the Act Affects: Vapour Manufacturers and Wholesalers, and Distributers

---

### The Basics

The *Smoke-Free Ontario Act, 2017* prohibits the smoking of tobacco, the use of electronic cigarettes (e-cigarettes) to vape any substance, and the smoking of cannabis (medical and recreational) in enclosed workplaces and enclosed public places, as well as other designated places in Ontario, to protect workers and the public from second-hand smoke and vapour.

Smoking refers to the smoking or holding of lighted tobacco or cannabis (medical or recreational).

Vaping refers to inhaling or exhaling vapour from an electronic cigarette or holding an activated electronic cigarette, whether or not the vapour contains nicotine.

The SFOA, 2017 prohibits the display and promotion of tobacco products and tobacco product accessories at any place where tobacco products are sold. The Act also restricts the display and promotion of vapour products.

### Vapour Product Manufacturers, Wholesalers, and Distributers

**A vapour manufacturer** is a person who: Manufacturers, fabricates, or produces tobacco products for distribution, sale, or storage in Ontario.

**A vapour wholesaler or distributor** is a person who sells or distributes vapour products for subsequent sale at retail.

### Exemptions for Display and Promotion of Vapour Products

Manufacturers, wholesalers, and distributers are permitted to display and promote vapour products as long as the display and promotion complies with the *Tobacco and Vaping Act* (Canada)

## Signage for Manufacturers Wholesalers, and Distributers

“No Smoking” and “No Vaping” signs, or a dual “No Smoking and No Vaping” sign must be posted at all entrances, exits and washrooms, in appropriate locations and in sufficient numbers, so that everyone knows that smoking and vaping is not permitted inside the place of business of the manufacturer, wholesaler or distributor.

For information on where to get signs, please contact your local Public Health Unit.

### Enforcement

Local public health units will carry out inspections and respond to complaints regarding manufacturers to enforce the SFOA, 2017.

### Penalties

There are several penalties that a manufacturer could face for violating the SFOA, 2017. Manufacturers are advised to review the SFOA, 2017 to understand their responsibilities, and the fines that may result from failing to comply.

This fact sheet is intended as a quick reference only and should not be considered to be legal advice. For more information, please contact your local Public Health Unit.
