Renfrew County and District Health Unit (RCDHU) is proud to present the Annual Report, 2018; which provides a summary of activities, achievements and information about the work RCDHU has undertaken over the course of the 2018 year. You will learn about programs and services, as well as the planning and advocacy work that often goes unnoticed. You will also find a helpful breakdown of how RCDHU is funded.

As part of the Ontario Public Health Standards, health units are required to produce an annual financial and performance report to the communities they serve. This public reporting of each health unit's activities aims to ensure transparency and accountability.
