

Renfrew County and District Health Unit

Information for Business Operators Toolkit

Business Information Line

Call the Business Information Line at 1-888-444-3659 if you have questions about safely reopening your business or workplace, or visit [COVID-19 Support for businesses](#).

Resources to prevent COVID-19 in the workplace: [Sector specific guidance for Ontario](#).

Ontario is gradually reopening businesses, services and public spaces on a regional basis as progress is made in the fight against COVID-19: [Reopening Ontario](#).

COVID-19 Call Centre

If you live in Renfrew County and District, have a health concern (including a concern related to COVID-19) and need to speak to a physician, you should first call your family physician's office.

If you do not have a family physician or cannot access your family physician, call the Renfrew County Virtual Triage and Assessment Centre at 1-844-727-6404. A medical receptionist will connect you with care and support from a nurse practitioner, family physician and/or community paramedic. This new service is covered by OHIP with a valid health card. Learn more at www.rcvtac.ca.

Call RCDHU staff at 613-735-8654, 7-days a week, Monday to Sunday, 8:00 a.m. to 4:00 p.m. for more information on COVID-19. You do not require a phone assessment by RCDHU to access COVID-19 care.

Self-Assessment

Please complete this [self-assessment](#) tool to help you determine what to do.

Testing and Results

You can now access your COVID-19 lab test results online. For access, visit the Government of Ontario's [online portal](#).

If your results are not available after 10 days or if you are not able to access your results, call Renfrew County and District Health Unit (RCDHU) at 613-735-8654.

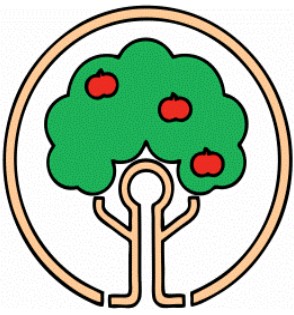

As a reminder, health unit staff are no longer calling people to inform them of a negative COVID-19 test result—[no news is good news](#).

What you need to know about wearing a mask

The use of cloth masks can help control the spread of COVID-19. Renfrew County and District Health Unit (RCDHU) has recommended their use when physical distancing is not possible. When it comes to indoor public spaces, it can be difficult to know if physical distancing is possible until entering. This is why RCDHU will be taking a regional approach in accordance with all Eastern Regional Health Unit's to mandate the use of cloth masks or facial coverings in many indoor public spaces.
