Tattooing and Body Piercing

COVID-19 Prevention Checklist

When providing a tattoo or piercing, staff and clients come in close contact. The virus can spread from respiratory droplets and shared surfaces of a person with COVID-19. This is a summary checklist of **required measures** to reduce the spread of COVID-19.

Review the Renfrew County and District Health Unit (RCDHU) [COVID-19 Guidance for Personal Service Settings](#) for more information on how to keep your employees and clients safe. Please note that the requirements under the [Ontario Personal Service Settings Regulation 136/18](#) still apply.

A. Staff Health & Screening

- Staff are advised to report illness to their supervisor/manager and to stay home if sick.
- Staff complete the [COVID-19 Employee Screening Questionnaire](#) before starting each shift.
- Staff are advised to go home right away and [self-isolate](#) if they become ill during a shift. Staff are advised to call their health care provider, [RC VTAC](#) at 1-844-727-6404 or [RCDHU](#) at 613-735-8654 for guidance on testing.
- Staff are trained on the proper use of personal protective equipment (PPE), including putting on and taking off gloves, masks/face coverings, face shields/goggles, and gowns, if worn
- Staff always use a mask/face covering while providing services. [Masks](#) should be used properly and cleaned or discarded appropriately. Masks should be changed when they become damp or soiled.
- Eye protection (face shield/goggles) along with a mask, should be worn by staff when clients cannot tolerate wearing a mask/face covering and physical distancing or the use of a barrier/divider is not possible.
- Personal protective equipment such as gloves, masks, and eye protection (face shield/goggles) are always available on-site for staff, to use as needed. Operators are required to provide ensure there is adequate PPE for staff.
- Re-usable face shields/goggles are assigned to one staff, and cleaned and disinfected between each use.
- Staff are trained on proper hand hygiene techniques and respiratory etiquette.
- Staff are advised not to provide home-based services, at their home or a client's home.
- Staff launder their clothing after each shift or wear a protective cover over clothing and launder after each shift.

COVID-19 Prevention Checklist

B. Signage at the Premises

- Signage for [COVID-19 Screening Poster for Retail Entrances](#) and the number of clients permitted at one time is posted at the entrance of the premises.
- Clients with [COVID-19 symptoms](#) and/or who have been in contact with someone with COVID-19 are not permitted to enter the premises.
- Signage for [handwashing](#) and [respiratory etiquette](#) is posted at the entrance and throughout the premises.
- Floor stickers and [physical distancing](#) signage are available in high visibility areas to remind clients to keep two metres/six feet apart from others at all times.

C. Number of People in the Premises

- The number of staff and clients is restricted to ensure ease of movement and to maintain two metres/six feet between people.
- Flexible work schedules and staggered lunch and break times are implemented to limit the number of people in the premises at one time.

D. Scheduling Appointments

- Clients are advised that they must use a mask/face covering for the duration of their appointments.
- Clients are advised that all consultations for a tattoo or body piercing must be done online before coming to the studio. **Appointments will be made for providing the service only.**
- Client appointments are scheduled by phone or online. Walk-in clients are asked to call from outside the premises to make an appointment.
- Waiting areas are not permitted. Clients are instructed to wait outside of the premises until their scheduled appointment.
- Clients are [screened](#) for symptoms of COVID-19 by staff when booking appointments.
- Clients are not permitted to bring guests, including children, unless they also have an appointment.
- Records of staff and client contact information (e.g. full name, telephone/email), including date and time at premises, are maintained on-site for contact tracing purposes, should the need arise.
- There is enough time between appointments to ensure thorough cleaning and disinfection of equipment and workstations between clients.

COVID-19 Prevention Checklist

E. Workstations

- Workstations and equipment in use must be two metres/six feet apart or equipped with barriers/dividers that are adequate in height to ensure the protection between clients and staff.
- Alcohol-based hand sanitizer (ABHR) with a minimum of 70% alcohol concentration is available at each workstation, and staff and clients are encouraged to use it frequently.
- Magazines, tattoo/piercing books, brochures, decor and other unnecessary items are removed.
- Workstations have their own products and tools, and are not shared between staff.

F. Providing Services

- A mask/face covering is always used by staff and clients, even when physical distancing and barriers/dividers are used.
- Staff always wear a mask/face covering and face shield/goggles when providing a service.
- Premises has disposable masks available to provide to clients when needed.
- Tattoos on the face and neck are not permitted. Ear piercings are permitted if the client can tolerate a mask/face covering. Other services that tend to the face such as facials, eyebrow grooming, and eyelash extensions are permitted.
- Face-to-face contact with clients is limited as much as possible. This includes services to the ears, nose or any portion of the face.
- Clients are not permitted to handle stencils, ink or jewellery. A two metre/six foot distance or a barrier/divider should be used when viewing items.
- Face shields/goggles and masks should be used by staff when providing services.
- Gloves are changed and discarded immediately, and hands are cleaned when a task is changed, and after each client, or more often as necessary.
- Single-use items, including towels are used, where possible, and discarded immediately after each client.
- Client food/beverages are not permitted.
- Credit/debit/e-transfers with no signature transactions are preferred. Barriers/dividers are used when the two metre/six foot distance cannot be maintained. ABHR is used before and after each cash transaction.

G. Environmental Cleaning and Disinfection

- Work surfaces and equipment are thoroughly cleaned with soap and water before disinfection.
- Surface and equipment disinfectants are used after cleaning, and according to the manufacturer's instructions.
- Cleaning/disinfection wipes are only used for surfaces and used according to the manufacturer's instructions.
- Barriers and dividers must be protective and stable enough to be easily cleaned and disinfected.
- Disposable covers are discarded immediately after use. Chairs, head, armrests, squeeze bottles, are cleaned and disinfected between clients.
- Frequent and thorough daily environmental cleaning and disinfection is maintained. This includes high touch surfaces such as phones, computers, pens, cash register, credit card machine and door handles.
- Washroom surfaces are cleaned and disinfected at least twice a day or as often as necessary.
