

How to Access Your Enhanced Enhanced Vaccine Certificate with an Official QR Code

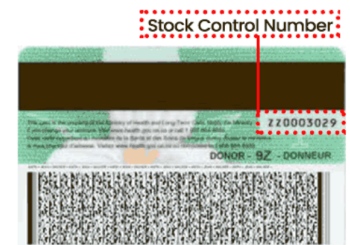

Step 1: Visit Ontario's Online COVID-19 Vaccination System

- Visit <https://covid19.ontariohealth.ca> or get a family member or friend to do so on your behalf.

Step 2: Verify Your Identity

- Next step is to verify your identity so that you can be provided with your proof of vaccination. You will need the following to complete this step:

1. Health Card (including health card number, 2-letter version code and the 9-character code on the back of the card)
2. Date of birth (YYYY-MM-DD)
3. Postal code (Example A2A 2A2)

Step 3: Access and Print Off Your Proof

- You will now be able to access proof of your first, second or third vaccination. You can print this proof of vaccination, or take a picture/screen shot on your phone so it is readily available.

If you are unable to get a family member to assist you or do not have access to the internet, you can visit your local library as they will assist with printing your proof of vaccination. If you are unable to visit a library and you have a health card, call the Provincial Vaccination Center at 1-833-943-3900. The call center agent can email or mail you a copy of your receipt. If you do not have a health card you must call RCDHU at 613-732-3629.
