SECTION 4 – ACCOUNTABILITY STATEMENT

By submitting this order, I verify on behalf of the practice that the refrigerator storing publicly funded vaccines, at the location listed above, maintains temperatures between +2.0°C to +8.0°C; meets MOHLTC Vaccine Storage and Handling Protocols and Guidelines; maximum, minimum, and current temperatures are recorded at least twice daily. Furthermore, I verify that no more than one month supply of vaccine is stored at the location listed above; red-dotted and short-dated vaccines are used first; expired vaccines are never administered and are returned as wastage; a review of vaccine inventory and checking for expired vaccines has been completed before placing orders; and all due diligence has been taken to prevent the wastage of publicly funded vaccines. I understand that I am required to maintain accurate temperature logs that must be kept onsite for a minimum of two years and made accessible to Renfrew County and District Health Unit upon request. Upon vaccine pick-up, I will have the necessary materials for the safe transport of publicly funded vaccines including properly conditioned hard sided, insulated container, digital temperature monitoring device, and appropriate packaging material.
