

School Immunization Catch-up CLINIC SCHEDULE

Renfrew County and District (RCD) August 01 - August 31, 2022

All children attending school between the **ages of 4 to 17 need to be immunized** according to [Ontario's immunization schedule](#), **unless they have a valid exemption**. Immunization protects children from many serious diseases that are easily spread in the community.

Under the [Immunization of School Pupils Act \(ISPA\)](#), children need to have proof of immunization against:

- ✓ Diphtheria
- ✓ Tetanus
- ✓ Polio
- ✓ Measles
- ✓ Mumps
- ✓ Rubella
- ✓ Meningococcal disease
- ✓ Pertussis (whooping cough)
- ✓ Varicella for children born in 2010 or after

RCDHU is offering vaccination clinics throughout the community. **Please bring the student's health card, the immunization notice you received in the mail and all immunization records to the immunization clinic.** This will ensure the nurse can properly assess and determine which vaccines are required.

The following are school immunization catch-up clinics.

| | | |
|------------------------|--|------------------------------|
