

# OPPORTUNITIES FOR HEALTH

Did you know that factors like income, education, employment, and social support have a big impact on our health?

Income

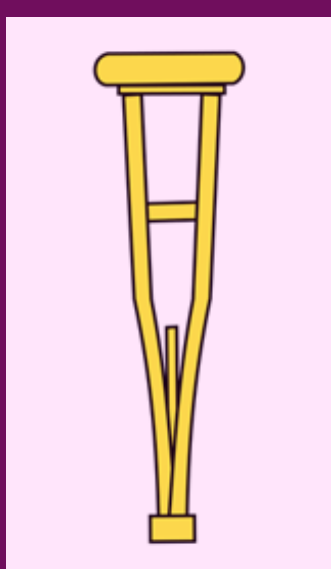

Education

Employment

Social Support

The rate of emergency department visits for injuries is **2.5 TIMES** higher for residents negatively affected by these factors

The rate of death is **4.5 TIMES** higher for residents negatively affected by these factors

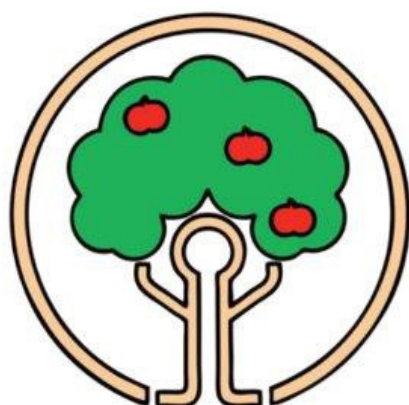

The rate of hospitalization is **3.0 TIMES** higher for residents negatively affected by these factors

To improve local health, we need to work together to improve the conditions in which we **LIVE, LEARN, WORK AND PLAY!**
